to me

Dear Sattar Yunus,

Thank you for submitting your manuscript to Journal of Urban and Environmental Engineering (JUEE).

I regret to inform you that your manuscript does not fit within the priority of the journal and we must therefore reject it. JUEE is tightening its focus on modelling the natural and urban environments with special emphasis on integrated and interdisciplinary modelling. I am sorry to disappoint you with this decision and hope that you will be able to successfully submit your manuscript elsewhere.

Thank you for giving us the opportunity to consider your work.

Kind regards,

Dr Richarde Marques
