Dear Hasnidar,

Thank you very much for submitting an abstract for inclusion in the program of the MarSave International Symposium 2018 (Hasanuddin University, Makassar, 7th August 2018).

Based on this review, **it is our pleasure to inform you that your submission has been accepted for inclusion in the symposium as poster presentation.**

Please find in the attachment Letter of Acceptance/Invitation and revision of the abstract from our Editorial team.

Please check your email and follow the instruction on how to pay your registration fee, if you have not done it.

We look forward to seeing you in Makassar.

Yours Sincerely,

Rohani Ambo Rappe
Chair of International Symposium MarSave 2018

Dear Rohani,

Thank you for tacking the time to check the proceedings.

I have corrected the Preface as requested. Please can I ask you to login again and check you're happy with the amendment?

Once I have your confirmation I will proceed to publish the papers.

Yours sincerely,

Caroline

Dear Caroline,

After checking the TEST version of the MarSave Proceedings, bye and large we are very happy with the production quality.

There is just one small correction needed to the Preface:

The sub-heading "Steering Committee" needs to be at the top of the relevant page, NOT at the bottom of the previous page with the short biographies.

Apart from that one correction, I hereby confirm that we consider the conference proceedings to be correct and ready to publish.

Yours sincerely

Rohani

Dear Rohani Ambo Rappe,

This conference proceedings is now ready for checking in a test version prior to publication. Please check that the IOPScience content

matches the PDFs and the PDFs watermarks and send me a list of corrections should any be required. If there are no corrections to be

made please confirm that the conference is correct and ready to be published.

Please supply your corrections or confirmation of publication by 8th April 2019.

Please note that any delays during this last stage will impact on the publication time and a failure to meet this date may result in your

proceedings being published as they are and without further amendment. In this case any subsequent corrections may be charged for.

There is no need to check the content of the PDFs because all the PDFs on our test server are the ones which have been supplied to us

- checked and approved as ready for publication - with only watermarks added. We will not accept any replacements of PDFs at this stage.

I have attached two documents with instructions on how to log on to our test website where the conference is available. Please read

these carefully before you begin.

Please contact me if you have any difficulties accessing or checking this conference, or if you require more time to check it.

Yours sincerely
