Indonesian Journal of Electrical Engineering and Computer Science (p-ISSN: 2502-4752, e-ISSN: 2502-4760) is a monthly peer reviewed International Journal in English, indexed by [Scopus](#), EI (INSPEC, IET), [Google Scholar Metrics](#), ProQuest, EBSCO, DOAJ, BASE, OALib, SHERPA/RoMEO etc. The aim of this journal is to publish high-quality articles dedicated to all aspects of the latest outstanding developments in the field of electrical engineering. Its scope encompasses the applications of Telecommunication and Information Technology, Applied Computing and Computer, Instrumentation and Control, Electrical (Power), and Electronics Engineering. Click [<in here>](#) to find citation counts for this journal in the Google Scholar. Fulltexts of this journal are available at: <http://www.iaescore.com/journals/index.php/IJEECS/issue/archive>

The criteria for acceptance of manuscripts are the quality of work. This will concretely be reflected in the following aspects: novelty & practical impact; technical soundness; appropriateness and adequacy of: literature review, background discussion & analysis of issues; and presentation (overall organization, English & readability). For a contribution to be acceptable for publication, these points should be at least in middle level.

Authors should submit only papers that have been carefully proofread and polished to avoid having to re-work the manuscript later in the review process. Authors should present their work honestly without fabrication, falsification, plagiarism or inappropriate data manipulation. Manuscripts are accepted with the understanding that they are original or extended version of previously published papers in conferences and/or journals and that, if the work received an official sponsorship, it has been duly released for open publication. Before submission please make sure that your paper is prepared using the journal paper template. It is available as word and latex version, kindly please [download the Journal template \(MS Word\)](#) or [LATEX version](#). This will ensure fast processing and publication. Any papers not fulfilling the requirements based on the guideline to authors will not be processed

Dear Authors,

This is an announcement that TELKOMNIKA (Telecommunication Computing Electronics and Control) just posted list of accepted papers for June 2018 issue at <http://www.journal.uad.ac.id/index.php/TELKOMNIKA/issue/view/553>. All authors of this issue should submit CAMERA READY PAPER through our online system as soon. Under Review section, and below of Editor Decision section, you can upload your revised paper through "Upload Author Version" menu.

TELKOMNIKA (Telecommunication Computing Electronics and Control) also has published April 2018 issue at <http://www.journal.uad.ac.id/index.php/TELKOMNIKA/issue/view/551>. We invite you to download and read the papers for your references.

Thanks for the continuing interest in our work,

Dear Dr. Syarifuddin Nojeng,

It is my great pleasure to inform you that your paper has been ACCEPTED. Your paper will be published on forthcoming issue of the Indonesian Journal of Electrical Engineering and Computer Science, a Scopus indexed journal. Please read the Checklist at <http://www.iaescore.com/journals/index.php/IJEECS/about/editorialPolicies#custom-3> and **submit your camera ready (final) paper within 10 days to this email.**

This journal is an OPEN ACCESS. Why publish open access? IAES open access authors benefit from: Quality, established and reputable journal, reaching key audiences' with 5 million users per month, high citations, etc. Benefits of the OPEN ACCESS policy:

- Researchers as authors: immediate visibility for research output and thus increased visibility and usage of their results. Open Access may even lead to an increase of impact.
- Researchers looking for information: access to literature everywhere, not only from a campus but also from any site with wifi access.
- Funding agencies: increased return on investment (ROI), increased visibility.
- Universities & research institutes: greater visibility, clearer management information.
- Libraries: increased access for target audience, financially a more attractive model than the current subscription model.

- Teachers & students: unrestricted access to material, enriched education, allowing equality of learning in poor as well as in rich nations.
- Science: enhanced and accelerated research cycle.
- Citizens & society: access to knowledge / access to the results of publicly funded research.
- Enterprises: access to critical information.
- Publishers: transparent business model, ultimate online article distribution, ultimate visibility for articles.

So, Open access fee is paid by the authors, or on their behalf to support the cost of wide open access dissemination of research results, to pay deposit to CrossRef in order to each published articles has a Digital Object Identifier (DOI), to manage the various costs associated with handling and editing of the submitted manuscripts, and the Journal management and publication in general.

In order to cover part of the publication cost, each accepted paper is charged: USD 190 (~IDR2600K)
This charge is for the first 8 pages, and if any published manuscript over 8 pages will incur extra charges USD45 per page
